The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

**Comments:**

We have noticed a problem here in the Bay Area - the health of the bay itself. It is in jeopardy. We have also noticed there is a solution - 3 ways: ① Increasing fresh water into the Bay-Delta, ② Investing in water efficiency, and ③ Large beneficiaries should have to pay for any dams + reservoirs that may be built. Thank you.
